

1994

## Marstrand, Sweden

### 13. International Rally of Cruising Yachts

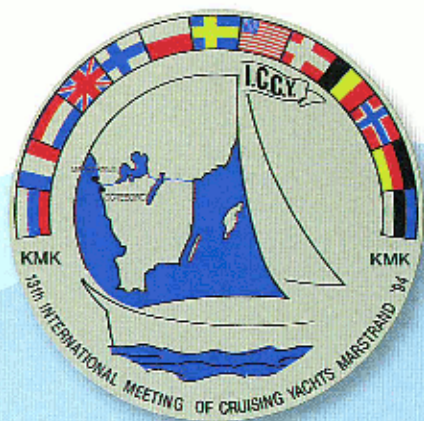

#### The TRE Kroners 1994 – Sun – scare garden – good mood

The Kungliga Motorbåt Klubben took over the organization of the 13<sup>th</sup> ICCY meeting in Marstrand. That yachts from 9 nations did participate in this rallye, was caused by the friendly invitation and the promising program. Nobody could imagine at the time of registration that the commodore of the KMK, Magnus Anderberg, would welcome the crews of 61 yachts on July 14<sup>th</sup>, accompanied by beautiful sunshine. From the TYvD 30 yachts had made it to the west coast of Sweden and we had the opportunity to really enjoy the easy going sailing we had missed on other occasions. On the way to Marstrand we had various possibilities for stop-overs in the scare garden: barbequing, swimming and sun bathing. What a summer!

The big question: what kind of program would expect us in Mar-strand?? A guided tour through beautiful Marstrand, an adventurous day in Göteborg, a fishing trip in the neighboring waters, visits to the NAJAD and SWEDEN-Yachts shipyards and as highlight the gala evening in the old castle of Marstrand made this rallye a real success and the participants were impressed. On July 18<sup>th</sup> the activities were over and the ICCY flag was hauled down.

Many yachts of the TYvD took their time to sail through the scare garden of west Sweden. Some other yachts started a long trip to Pillau/Russia, following an invitation of the Russian Baltic fleet.
